

MISSION STATEMENT

SOLUTIONS
REDEFINING EFFICIENCY

BOS Solutions will be the most technically and operationally competent provider of closed loop drilling systems and solids separations solutions, benefiting the environment.

Our mission is to deliver efficient on-site drilling waste management to the upstream oil and gas sector utilizing innovative equipment and processes in a safe and environmentally responsible manner.

HEALTH, SAFETY AND ENVIRONMENT

BOS will protect the health and safety of our employees. No activity is more important than ensuring that effective measures are in place to protect our employees and those who work with us. BOS Solutions also strives to minimize its environmental impact and to protect the environment utilizing our technology and best operational practices.

PEOPLE

The success of BOS is wholly dependent on the people we employ. We are committed to the development of personnel and we will maintain a work environment that is reflective of our core values; teamwork, integrity, openness, trust and respect for the individual.

QUALITY / RELIABILITY

We are committed to a quality system that will ensure the delivery of products and services that meet or exceed customer requirements.

CUSTOMER FOCUS

The profitability of BOS is directly related to BOS meeting or exceeding our customers' expectations.

GROWTH

BOS is committed to the strategic growth of a sustainable business while maintaining discipline to our core values.
